OFFICERS MAKE DRAG NET HAUL

ARREST ABOUT 30 ON CHARGE OF VAGRANCY. GENERAL CLEAN-UP BEING MADE

For a long time Ada has been infested by a crowd of men with no visible means of support, so far as the general public could see. They have simply walked the streets and obtained their livelihood by questionable methods.

Yesterday afternoon a conference was held between the city and county officials and an agreement reached to try their hands at cleaning up the town with a big drag net haul and give some of these men an opportunity to explain to the court just what their occupations are, anyway. Accordingly the work began early this morning and before noon about 30 had been run in, about half of whom were whites and the others negroes. Some of the bunch were well enough dressed and pose as local sports. Some of them made bond and declare their purpose of fighting their cases, and others have been unable to gain their freedom.

Of course the principal charge is vagrancy, although gambling figures prominently in some of the warrants. It now seems probable that quite a bunch will be given the opportunity of working out fines on the public roads of the county.

THREE NEGROES DRAW SENTENCE OF DEATH

Oklahoma City, Okla., March 30.—"We, the jury, find Elijah Turner, Bob Johnson and Charles Posey and each of them guilty in manner and form as charged in the information and fix the punishment of each of them at death."

That was the verdict returned by a jury in Judge W. R. Taylor's division of the district court Thursday morning in the case of the state against the three negroes charged by County Attorney Sam Hooker with the murder of W. H. Archie in this city on the night of March 8, 1911. It is the third death verdict ever returned in Oklahoma county.

Judge Taylor will not pass formal sentence upon the convicted men until after the trial of James Holmes, also charged with the Archie murder, whose trial was continued Thursday until next Monday pending the report of fifty veniremen who are to be drawn by the clerk from the box for jury service. There is a probability that the court will also postpone imposing sentences on John Henry Prather, who has confessed to firing the shot that killed the white man and whose formal sentence was docketed for next Monday.

THE SHOE PROBLEM

Many people find the shoe problem one of the hardest to solve. Whether it is shoes for men, shoes for women or shoes for children, the Gubin-Barack Co. of this city have gone a long way towards solving this problem by putting in stock three of the leading brands of shoes made.

The "Walkover" men's shoes are neat and nobby, especially designed for comfort and long wear—and they have just received a large shipment;—the Dorothy Dodd women's shoes, which are smart and stylish, and withal of good quality; the "Educator" children's shoes will be a blessing to many a parent's purse because of the long service they afford. These are the three lines of shoes the Gubin-Barack Co. are selling this year.

But merely getting a shoe of well known merit is not all there is to the question. The matter of price and the matter of proper fit are of vital importance—and they too, must be taken into account.

The three brands of shoes named here are all popular priced, and the shoe service the Gubin-Barack Co. salespeople render is of the best. They are trained to give each customer the same careful attention in the fitting of shoes.

The Gubin-Barack shoe service is highly commendable.

BUCKET SHOP LAW UNCONSTITUTIONAL

Washington, March 30.—An attempt by Congress to so closely define the offense of "bucket shopping" as to make it impracticable in the District of Columbia has resulted in the complete failure of the legislation on the ground of unconstitutionality, Justice Wright, in the District Supreme Court, today decided that the act referred to constituted an unwarrantable interference with the right of a citizen to enter into contract relations and was therefore unconstitutional. The particular point of objection was that a person giving an order to a broker for a stock transaction without the intent of dealing in margins might be held to have violated the law, if the broker, without the knowledge of the client, secretly made the transaction one of margin without the actual basis of a transfer of stock.

Effect on Other Cases

The statute is of local application only and does not necessarily affect the actions which the Department of

Justice has begun at many other points against alleged bucketshop operators, for the prosecution in those cases has been under the postal laws on the plain ground of fraud.

The decision was rendered in the case of Edward Altemus of Jersey City and Louis A. and Angelo Cella, who operated a so-called "bucket shop" under the title of the Standard Stock and Grain Company. With twenty-six others, they were indicted, and while six of those pleaded guilty and were fined in sums aggregating \$8,100, the remainder decided to fight the case.

Seven Raids Recalled.

The movements of the Government leading up to the indictments were shrouded in the greatest secrecy. On April 2, 1910, however, when indictments were obtained, raids on "shops" in seven cities were made simultaneously, wires were cut and customers were thrown into panic. Since then, according to Attorney General Wickersham, "bucket shopping" has become a thing of the past east of Denver.

The Government announced today its intention to appeal from Justice Wright's decision.

HASKELL PROMOTING RAILROAD SCHEME

Oklahoma City, Okla., March 30.—With the completion of the organization of the Oklahoma City Railroad Oklahoma City to Heryetta to connect with the Missouri, Oklahoma and Gulf road, this will open the great coal fields around Heryetta by providing an outlet and supplying a market for the product. The other line will be built northwest from Oklahoma City to the Panhandle country and will connect with the Missouri Pacific branch line at some point in Southern Kansas. Work will commence on the two roads simultaneously. The combined length of the two roads will be approximately 400 miles.

Opens Coal Field.

One line of road will be built from Promoting Company here today, with the Missouri, Oklahoma and Gulf road. This will open the great coal fields around Heryetta by providing an outlet and supplying a market for the product. The other line will be built northwest from Oklahoma City to the Panhandle country and will connect with the Missouri Pacific branch line at some point in Southern Kansas. Work will commence on the two roads simultaneously. The combined length of the two roads will be approximately 400 miles.

At a meeting here today officers of the promoting company were elected as follows: President, C. N. Has-

kell; vice president, O. D. Halsell, Oklahoma City; secretary-treasurer, J. H. Johnston, Oklahoma City. These and the following named business men and capitalists constitute the board of directors: C. F. Colcord, A. H. Classen, E. K. Gaylord, R. A. Vose, E. D. Nims, O. P. Workman, George W. Risser and E. F. Bisbee.

Begin Work at Once.

The promoting company will begin at once the work of securing right of way, townsite grants, etc. The company is capitalized at \$300,000 and the par value of shares is \$100 each. The French syndicate, which has agreed to handle the bonds of the new roads, now owns \$9,000,000 worth of the securities of the Missouri, Oklahoma and Gulf line in Oklahoma.

W. K. Chaney Loses a Finger

No auto accident has happened at Ada, but as a result of an accident that happened while working on a machine W. K. Chaney is minus the second finger on his left hand. He was fixing a new horn on the machine and had his finger run through a loop of wire that passed through a hole in the floor of the machine. The engine was started on the wire underneath was caught by the fly-wheel. In an instant the loop around his finger had amputated the member as smoothly as a knife could have done.

Ed Thompson and wife of Jesse were in town this morning on a shopping expedition.

A WORD FROM CARL MORRIS AND SCHRECK

"Do not allow rumors to deceive your people. Rather than claim a foul, I wish to state that I got a fair and square deal and that no man living fights more fairly than Carl Morris. Take it from me, he fights, too. That old guff about him not knowing the game, is worthless. He is the finest specimen of manhood in the world, and the man who puts him out of the running will have to whip the largest specimen of perfect manhood that has ever entered the prize ring."—Mike Schreck.

Morris is Ready.

"While I am going hunting because I am told I am not ready for another

mill, the fact is I have lost no faith in regard to the ring. I believe in myself and will fight anyone that my managers will allow. I have never been injured in a contest and will some day demonstrate to any who doubt that I mean what I say. I know nothing of this publicity game, but, until down and out, will continue as I commenced, to do my best from the ringing of the gong until the end comes."—Carl Morris.

CORPORATION COMMISSION ISSUES EXEMPTION ORDER

Oklahoma City, March 31.—By an order issued by the corporation commission, six railroads, the Santa Fe, Rock Island, Frisco, Katy, Iron Mountain and Fort Smith & Western, have been exempted from the provisions of the general office order, previously made by the commission. The order, when first made by the commission, has been affirmed by the supreme court and would have become effective immediately. The new order is provisional to some extent, as if the railroads do not comply with the order as to information required by the commission, the exemption can be revoked at any time with thirty days' notice.

Prominent Ardmore Lady Dies

Ardmore, Okla., March 30.—Mrs. T. A. Ledbetter, mother of Judge W. A. Ledbetter, died here last night. She was the mother of ten children, nine of whom were present at the funeral this afternoon.

Are You Ready for Emergencies?

If one of your family should be severely burned do you know what to do? Are you prepared for sprains, cuts, bruises, and the thousand and one every day accidents that seem so trivial and yet may not be in the long run?

We will be glad to help you select a few "emergency aids," tell you how to use them, and the cost is so small compared to their importance, it's hardly worth mentioning. Sooner or later the time is sure to come when you will be thankful you took our advice.

A PRETTY HARD HIT.

On Monday morning Station Agent
Twiss put into effect the ruling that
all parties having whiskey shipped
to them must make affidavit that
they do not hold government license
and that the whiskey is for the use
of themselves and family and not
for sale.

This order was issued last fall and
has been in effect at most places in
the state, but for some reason had
not been put into effect here until
Monday. When Mr. Twiss was sent
back here to take charge of the sta-
tion he found that any one could get
the goods by signing a straight bill
and he thought the order might have
been rescinded, until one day last
week when he called the attention of
the County Attorney to the matter
who informed him that such was not
the case and advised him to put into
execution which he did, beginning
Monday. This has had a tenden-

cy to retard the receiving of goods
now here. Those who make the affi-
davit in order to peddle it out are
laying themselves liable for both the
selling of whiskey and perjury as
well, and are in a fair way to take
a free trip to McAlester where they
will be given board only for their la-
bor.—Konawa Chief-Editor.

In the death of C. G. Jones not only
does Oklahoma City sustain a
great loss, but the entire state as
well. Jones was of the sturdy type
of pioneers who converted the prairie
and the wilderness into a great
commonwealth. His boosting spirit
was most inspiring to those around
him, and when fainter hearts were
discouraged Jones was still full of
fight ready to take a new hold on his
opponents. It was the indomitable
spirit as exemplified in the life of C.
G. Jones that made Oklahoma City
the metropolis of the state, and the
miraculous growth of that place has
served as an ideal for smaller towns
throughout this portion of the South-
west. His death serves to remind us
of the flight of time. It will be only
a short time now until the brave
pioneers of Oklahoma will fall one
after another before the sickle of the
grim reaper, and their lives will be
only a part of the early history of
the magic state.

It is not pleasant to see hundreds
of immigrants passing through Ada
enroute to the coast country of Tex-
as, knowing as we do that this coun-
try possesses more advantages in a
day than that section does in a
month, but the difference is that Tex-
as is doing some extensive advertis-
ing while this section is taking it
easy. Is Oklahoma to wait until Tex-
as is filled up and then take what is
left over?

A Salina Kansas woman has op-
ened a new industry. Knowing the
hardships and difficulties that lie in
the way of the average woman when
it comes to fitting her own dress and
the joint-racking positions she is
forced to assume to see whether or
not it fits—whether it hangs straight
both in front and back at the same
time—the Salina woman has estab-
lished a factory to make plaster
casts of women who make their own
clothes, upon which to fit dresses.

The Tulsa Democrat rather rubs
it in on the republican papers that
used to predict that Cruce would be
the mere echo of Haskell as govern-
or. But the Democrat should be
fair enough to admit that the repub-
lican papers have atoned for the pre-
diction and that they are nearly all
confessing that they were mistaken.
—McAlester News-Capital.

The Oklahoman sometimes gets
things a little mixed. For instance,
in giving the names of the physicians
appointed on the state medical board
it speaks of the "ecclesiastics." Of
course it meant "eclectics." Of the
eclectics are doctors all right—D. Ds.
in fact—but they would hardly be
found among other doctors.

It is claimed that a cigarette caused
the big fire in New York in which
nearly 150 girls lost their lives. The
development of the fact does the vic-
tims no more good than the satisfac-
tion a man found when he located the
hole in his pocket through which he
lost his watch.

Arizona papers are lionizing Sen-
ator Owen on account of the decided
stand he took on behalf of statehood
for the territory in the closing hours
of last congress. Perhaps Bob might
stand a fair chance of being elected
Senator from the new state when his
present term expires.

On several occasions the News has
urged that steps be taken to have
so many routes established out of
Ada. Nothing has been done along
this line and it now appears that Roff
will be the first town in the county
to secure one or more routes.

Some fool scientist in the East
maintains that ten cents per day will
buy enough to keep a man weighing
155 pounds in good health and spir-
its. We'll bet our old hat that he
never tried living on that amount.

The Roff Eagle says that one of its
citizens has purchased a motor cycle
and the auto fever is likely to strike
the town at any time.

Isn't it about time for the mayor's
annual cleanup proclamation? Many
of the alleys of the town are badly
in need of attention.

Undergraduates Battle at University

A genuine class scrap such as the
undergraduates at the University of
Oklahoma have not known, if the
annual first week flag rush be ex-
pected, since the halcyon days of
1907 occurred between the sopho-
mores and freshmen last week. The
sophomores had quietly planned an
old fashioned hayride followed by a
supper on the S. Canadian River,
their rustic caravan was leaving town
when the freshmen in full force bore

WATERWORKS IMPROVEMENTS.

Ada, Oklahoma.
Sealed proposals will be received
by the City Clerk of Ada, Oklahoma,
at his office in the City Hall, until
1 o'clock P. M., April 10th, 1911, for
the furnishing of pipe and machin-
ery to be used in the extension and
improvement of the waterworks sys-
tem of Ada.

Bids will be opened before the city
council the same evening and bidders
are invited to be present, and to
submit bids on the following items:

For the pipe required for the con-
struction of approximately 66,000
linear feet of 12-inch pipe line, either
of steel or cast iron.

If cast iron pipe is used, the
amount required will be about as
follows: Class "B" pipe, 246 tons;
Class "C" pipe, 2062 tons; Class "D"
pipe, 750 tons, Total, 3053 tons.

If steel pipe is used, 66,000 linear
feet of 12-inch, O. D. Converse joint
pipe will be required.

Bids will also be received on 3,000
linear feet of steel pipe, 3-16 inch
thick and 30 inches in diameter.

Also on cast iron pipe for exten-
sions to the city mains, all class "B",
approximately as follows: 12-inch
pipe, 135 tons; 10-inch pipe, 124
tons; 8-inch pipe, 63 tons. 6-inch
pipe, 142 tons; Total 464 tons.

For special casting, about 15,000
pounds.

For furnishing and erecting on
foundations to be prepared by the
City, two pumping units, each unit
to consist of one horizontal turbine
water wheel, direct connected to a
multi-stage centrifugal pump, each
unit to have a capacity of 600 gallons
per minute against a total head of
185 feet.

Plans, specifications, form of con-
tract and proposal and full informa-
tion may be obtained from the Con-
sulting Engineers, Goodwin & Har-
per, 920 Scarritt Bldg., Kansas City,
Mo.

Each proposal must be accompanied
by a certified check of not less than
5 percent of the amount bid, made
payable to the City Treasurer of
Ada, Oklahoma, as a guarantee that
the bidder receiving the award will
enter into contract with the city and
furnish satisfactory bond within 10
days after the contract is awarded.

The city reserves the right to re-
ject any or all bids, to waive any
informality, and to award the con-
tracts as may be deemed to the best
interests of the city.

What Are You Going to Do About It?

You know there's quite a bit of "fixing up" to do about the place. You've known it for some time. And still you keep putting it off. What are you going to do about now? Put it off again?

If you take our advice, you'll buy what lumber you need at once. The price of lumber is as low now as it is likely to be, and the longer you put off repairs, the more they'll cost to make.

We will make you a very close price on anything you want in building material just now.

FOR BALD HEADS

A Treatment that Costs Nothing if It Fails

We want you to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. Gwin & Mays Drug Co.

To the Citizens of Ada.

I wish to make a personal appeal for a liberal patronage of the entertainment to be given at the Norman Auditorium Monday and Tuesday evenings of next week. Last year we felt seriously the need of a foot ball team to assist in advertising the school. As we had had no athletic organization, we were compelled to incur an indebtedness to provide the necessary equipment for the team. The Athletic Committee, of the faculty, gave a note at the bank for the purchase of this equipment, and this note is still unpaid. The success of our base ball team depends, in a large measure, upon the results of this effort to liquidate this debt.

Just now we are in need of every means of advertising the school, and in the entertainment, which we offer you next week, we feel that you will get value received, and at the same time assist us in an effort to bring the school before the public in a legitimate way, and we earnestly hope and confidently expect, that you will give us a liberal patronage. CHAS. W. BRILES.

Fire at Sapulpa

Sapulpa, Okla., March 30.—Fire originating in the Airdome, in which all fights in Sapulpa with the exception of the Morris-Schreck fight have been held, Thursday night totally destroyed that place and several business houses, entailing a loss of approximately \$25,000, and for a time threatening the whole business section of Sapulpa.

The cause of the fire is a mystery, though many believe that baseball

players who had lighted fires in the Airdome Thursday afternoon, failed to turn them out when they left, and that the flames started from them.

The blaze was across the street from the St. James Hotel, the largest in Sapulpa, and for a time it was feared that on account of a scarcity of water, and a high wind, the fire would succeed in jumping the street. Besides the Airdome, valued at about \$9,000 and insured for \$2,500, the following places were burned: The Spaulding-Nicholson Implement company, store and goods; loss \$15,000, insurance \$4,000; E. L. Newport, tailor, loss \$1,000, insurance recently cancelled; George Meeker, contractor, loss \$600, no insurance; A. P. Crawford, loss \$500, no insurance.
